"Providing credibility and strength for the lodging industry"

Political Action Committee

WE NEED YOUR HELP!

Dear MLA Member:

The stronger the Political Action Committee is, the more weight we will carry with our elected officials when it comes time for them to cast their votes on important industry issues, such as state and regional tourism budgets, short-term rentals, housing payroll deductions and other important tourism issues.

For our industry to have an impact on the decision-makers, our presence must be felt. If we all make a personal contribution of \$250 to \$500, the MLA-PAC will have the resources to do its job on our behalf. Funds raised by the MLA-PAC are used to assist legislators who support the lodging industry and realize the importance of this industry to the state economy. Send your donation today!

Sincerely,

Dennis Clark
